

**International Leadership of Texas
Dual Credit Program
College Apps**

Mint: Club fees. Books. Tuition. Food. College adds up – quickly. Mint is a web and mobile app that helps you keep track of your spending. Plus, it's never too early to start cultivating good credit.

Chegg: Instead of buying textbooks every semester, find cheap rentals (with free shipping) on Chegg. Get 2 FREE guided solutions each week & free previews of any eTextbook in our library. Chegg, the Student Hub, is pleased to bring you millions of textbooks and solutions packed into one glorious app!

Blackboard: Blackboard Mobile Learn™ makes it easier for you to keep up with your courses by letting you access them whenever and wherever you want.

DCCCD: Stay connected with the colleges of Dallas County Community College District wherever you are. Find out how to get around campus, browse course schedules, stay up-to-date with the latest campus news, connect to eCampus, eConnect and more. It's DCCCD in the palm of your hand!

My Homework: helps students at any level improve their organization and become better students. It is an easy-to-use tool for tracking homework in a simple interface. Assignments are tracked by due date and assigned a color – red, orange, or blue – depending on their priority.

iStudiez Pro: keeps track of your deadlines, grades and more across all Mac devices – all you need to do is plug your class schedule into the app. It comes with both Cloud syncing and iCal integration.

Available for \$2.99 for iOS.

Evernote: is the app that saves everything you need – literally. You can type a note, take a photo, record audio or attach a file in this app that syncs to all your connected devices. The more you use it, the more uses you'll find for it. (For starters, it's great for group projects and term paper research).

Notability: is a popular note-taking app that not only lets you take typed notes, but handwritten ones as well. On top of that, you also get options for annotating documents and recording capabilities. This makes it perfect for notating and highlighting papers and lab sheets. As for lectures, using the voice recording option makes it easier than ever to refer to later.

Dropbox: makes sharing files easy with other people in your study group don't even need to be Dropbox users to send you files over the service, but if they're smart enough to get into college, they probably have Dropbox too. Sign up for an account and grab mobile apps for your Android, iPhone, iPad, BlackBerry, Windows Phone, and Kindle Fire.

Khan Academy: Do you enjoy learning from the **Khan Academy**? Now you can do that on your iPhone or Android phone. Browse the entire Khan Academy curriculum. Videos organized by subjects, sorted in curriculum order. Bookmark lessons for quick access.

Dragon Dictation: Dragon Dictation is an easy-to-use voice recognition application powered by Dragon® NaturallySpeaking® that allows you to easily speak and instantly see your text or email messages. In fact, it's up to five (5) times faster than typing on the keyboard. happening.
